Forecast for Sunday 27 Nov 2022

Weather: A bright and mostly dry day, but generally cloudy, with large amounts of high cloud keeping sunshine hazy and a few showers possible. Becoming cloudier in the late afternoon with occasionally heavy perhaps thundery showers after dusk.

Chance of cloud-free hill tops above 600m: 80%, decreasing to 30% after dusk.

Low cloud and visibility: Mostly good visibility for much of the day with only patchy cloud at summit level. Falling to poor in showers later in the day with accompanying cloud obscuring tops above 500m.

Meteorologist's View

Notable chill affect at height with strong winds and showers. Warm layers recommended.

Recent rainfall: measured at Neuadd: altitude 353m

Recorded at	Last 24 hours:	Last 48 hours:	Last 72 hours:
03:00 on Sun 27 Nov 2022	15mm	18.6mm	39.8mm

Forecast for Monday 28 Nov 2022

Weather: Some showers overnight. Bright with sunny spells but also further showers through the day, these heavy and perhaps thundery at times. Showers becoming lighter and more confined to western parts in the evening. Mist and fog patches potentially forming in some eastern valleys by midnight.

Maximum wind: Southerly 15-20mph at first, gradually veering to become northwesterly 10-15mph by mid-afternoon.

Chance of cloud-free hill tops 600m: 80%

Low cloud and visibility: Cloud obscuring hills above 800m during showers, and down to 500m with heavier bursts through the morning. Good visibility out of showers, but poor when they occur. Also becoming very poor at low levels in some eastern valleys.

Temperature: **Valleys:** Plus 7 Celsius rising to Plus 12 Celsius
At 600m: Plus 5 Celsius
Freezing level: Above the summits.
